IRON HORSE SEATING

4000 ESD

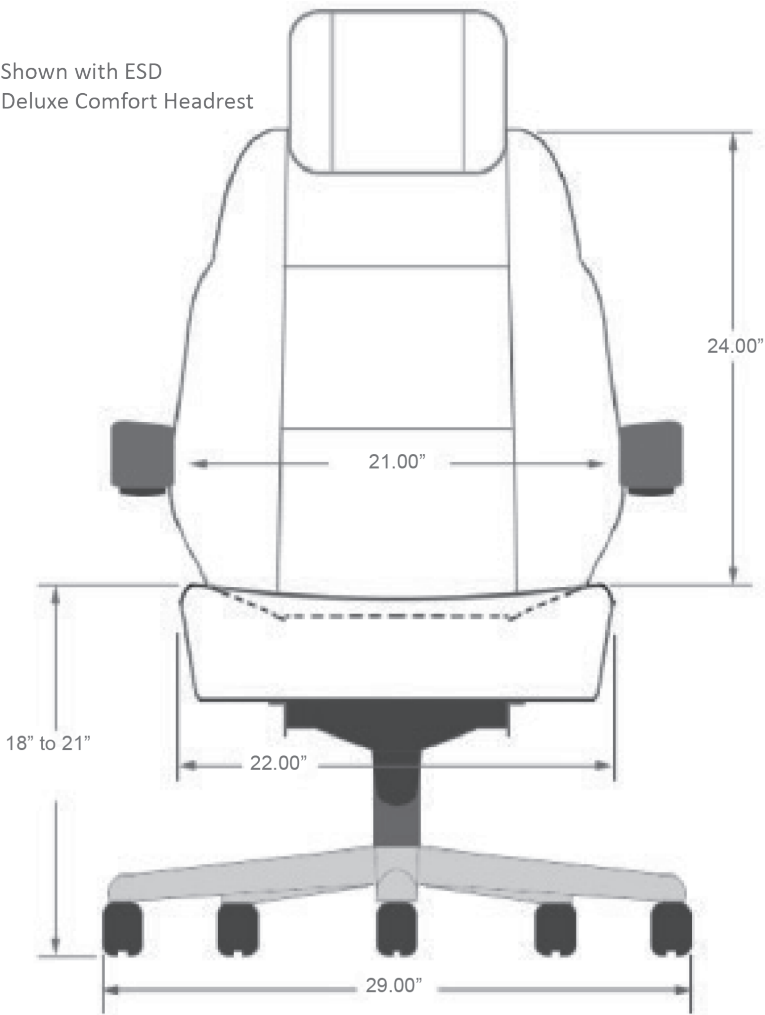

PRODUCT FEATURES

IRON HORSE SEATING - BUILT TO LAST

IRON HORSE Seating 24-Hour Chairs are engineered to withstand the demanding environments of control rooms, surveillance rooms, and dispatch centers. The IRON HORSE Seating 4000 Series ESD builds upon this foundation by providing the proper grounding, conductive, and dissipative static control materials that are required of an Electro Static Discharge (ESD) chair.

Through extensive market knowledge and known customer requirements, these chairs are engineered to exceed your expectations. The ergonomic excellence of the IRON HORSE Seating intensive use products have been developed to meet the demands of 24-hour, multi-shift environments.
